# VON HINDENBURG RULER OF GERMANY MILITARY DESPOT AGAIN IN SADDLE

## WAR LORD MENTIONED FOR RULER

(By Associated Press)  
BERLIN, March 13.—It is reported that it is intended to proclaim Field Marshal von Hindenburg "imperial president."

(By Associated Press)  
PARIS, March 13.—The opinion expressed in official circles at the moment is that the allied governments will take an attitude of aloofness and detachment toward civil strife in Germany and permit the German people themselves to determine the form of their government. Armed disorders in Germany are looked upon as most unfortunate, both for that country and the remainder of Europe at a time when reconstruction has begun.

## WILL FULFILL TREATY PLEDGE

(By Associated Press)  
COLOGNE, March 13.—A Cologne Gazette dispatch from Berlin says: "The new government, under Chancellor Kapp, says in its program to be made public, that it will honorably fulfill the Versailles treaty. It gives emphatic assurance that the government has no reactionary or monarchial aims."

So gloomy did the outlook for the peace treaty compromise become today that republican and democratic leaders virtually agreed to vote Monday on all pending and proposed reservations.

On the way down the hill the men laid a line of hose and then found the fire had been extinguished by some citizen with a bucket of water. In the meantime an excited citizen ran to the hydrant and turned on a full head of water which drenched the crowd at the scene before Chief Askin could shut off the flow. The house was occupied by the Hammill family. No damage.

## CORNUCOPIA IN HARD BRECCIA

The shaft of the Cornucopia Divide on the Silver Bow road, three miles from Tonopah, is down 250 feet in very strong breccia and andesite which causes Manager R. M. Henningsen to believe that by sinking another 50 feet conditions will be ripe for crosscutting. On the Lone Mountain property an equipment will be installed to go to depth. The shaft is going down in a vein which was picked up at eight feet and held to the present depth of 100 feet. Values range from \$10 to \$80 and 50 tons of ore sampling \$50 have been placed on the dump for shipment. The formation is a nice quartz breccia and chloride of silver in the vein. This company is a private organization composed of Oakland business men who never stopped from the moment the first pick was stuck in the ground. Shortly after the group on the Divide was bought, Mr. Henningsen secured several good locations in the Lone Mountain district which he developed at the same time that work was prosecuted on the Divide.

## REVOLUTION OVERTHROWS PEACE TREATY AND MENACES PLANS OF ALLIED POWERS

(Associated Press)  
PARIS, March 13.—A proclamation received in Berlin today declared the government of empire has ceased to exist and that the powers of state have passed into the hands of General Director von Kapp, who becomes chancellor, and has appointed General von Luetwitz commander-in-chief of military forces. Berlin dispatches state the proclamation declares the national assembly dissolved. It is announced that the government being formed by the socialist party declared a general strike, the dispatches add. Issuance of the proclamation was followed by the occupation of Wilhelmstrasse where government buildings are situated, by troops who had returned from the Baltic and had been in barracks at Döberitz in the suburbs. The troops entered Berlin this morning, it is said.

The names associated with the new revolutionary movement in Germany indicate its reactionary character. It appears that Germany is in the throes of the frequently predicted counter revolutionary monarchist struggle. Von Kapp, reported as having assumed the chancellorship, is probably Dr. Wolfgang Kapp, former conservative member of the reichstag and general director of the German Agriculture society. Major General Baron von Luetwitz, who, according to dispatches, has been named commander, was chief military governor of Belgium in the early days of the war.
